
Elementary School • School District 206

February 24, 2010

TO WHOM IT MAY CONCERN:

The Carlos Elementary School Parent Advisory Council (PAC) has done a fundraiser through the Chip Shoppe for the last five years and will be working with them again in the fall of 2010.

As the secretary at Carlos Elementary School, I have worked closely with our parent group on their endeavors with various fundraisers over the last 13 years. The Chip Shoppe is by far the best fundraising company I have worked with. The fundraiser involves very little work on the part of the school. The Chip Shoppe is very willing to take care of any problems (if any) that arise.

Our fundraisers through the Chip Shoppe have been very successful and have raised substantial dollars to be used for various activities & supplies at our school.

The families are familiar with the products offered through the Chip Shoppe and look forward to placing orders. The frozen cookie dough is definitely a favorite. I also like the fact that many of the food items are produced in Minnesota.

Shilice Doty is very energetic and easy to work with. She does a short presentation to our students at the start of the fundraiser and shows them incentives they can earn. I don't feel that she pressures our students to sell items and always emphasizes that they should just contact family & friends.

The delivery of the products is very efficient with everything packaged by student.

Sincerely,

Bonnie Didier
Principal's Assistant
